

October 25, 2022

Dear MHA Staff,

It is my great pleasure to announce that Kathleen McIntyre Herndon has been named the new Executive Director of MHA in Putnam. Kathleen will be joining us as of Monday, October 31, 2022.

Kathleen is highly experienced and knowledgeable about the issues of mental health facing each of us and our community. She is very well suited to leading an agency dedicated to peer services and will be an excellent spokesperson for MHA. Kathleen has a proven track record of getting things done and being a great leader. Her passion for our work and enthusiasm for positioning MHA Putnam into the future is inspiring.

Kathleen brings to her new position a wide range of experiences. She has worked for Cove Care Center, MHA Putnam, and People USA in a variety of roles. Kathleen holds a Bachelor of Arts Degree in Political Science and Psychology from Colgate University.

On behalf of the Board of Directors of MHA Putnam, thank you in advance for welcoming Kathleen with openness and enthusiasm.

Best regards,

William Hammond
